

WEAR & CARE FUNDRAISER

Join us for an evening of unity and support at the Wear & Care Fundraiser hosted by Angels of Mercy Healing. This event is designed to bring our community together for a meaningful cause. Angels of Mercy Healing is dedicated to assisting victims of abuse and trauma by connecting them with the necessary care and resources to start their healing journey. By collaborating with various non-profits, we ensure comprehensive support and recovery for those in need. Angels of Mercy Healing supports all individuals who have experienced abuse and trauma, including those coping with PTSD, as well as veterans and first responders.

Make sure to show up in your business or organization's t-shirt as we highlight the diverse businesses that form the backbone of our community.
